Areas of Improvement

- ✓ Increase South Asian and Pacific Islander participation.
- ✓ Improve leadership, sexuality, and action-planning components of the program through weekly sessions and at the retreat.
- ✓ Obtain funding for retreat from USG or an outside source.

New Directions

- ✓ Due to the overwhelmingly high response for CIRCLE TA positions, we will build on the momentum by aiming for 4 weekly CIRCLE sessions, rather than the traditional 3. Two TA alternates have been hired based on the understanding that their positions depend on participant enrollment. We would like to enroll at least 15 – 18 students per section.
